Mr. Kapp,

This request below was received July 15<sup>th</sup>, however it has been addressed in both PRR 25-39 and again in PRR 25-40 with a full explanation of the expanded date range search which included this 2020 time frame. A full explanation of where a search was performed is also included in the PRR 25-40 response email. There are no responsive records to this request as WDVA has no history of Public Records Act violations.
